BACKGROUND INFO

I've been a production sound mixer for the last ten years. In that time I've gained an extensive knowledge of sound and video equipment, interdepartmental relationships, and set etiquette. I've trained under some of the best mixers in the industry. I'm equipped with industry leading sound gear featuring the Aaton Cantar X3. I also have equipment by Sound Devices,

Lectrosonics, Sennheiser, DPA, Sanken, and others. I've worked on national ad campaigns for Gatorade, Subway, and Chase Bank. I'm FCC licensed and have worked on projects in North Carolina, South Carolina, Georgia, Virginia, New York, and Massachusetts.
